Sue Larkey

is a highly qualified special educator who has taught in mainstream and special schools. She is currently working toward a Doctorate of Education focussing on inclusive schooling. She has authored several books and resource materials. Sue is unashamedly passionate about her mission – to inspire parents and educators and teach them how to *Make it a Success*.

Armed with the tools of understanding and confidence much can be achieved.

"To know someone with Autism Spectrum Disorder is not to know Autism Spectrum Disorder";

Sue Larkey

Online Workshop Feedback

"I got so much out of your online workshop. Your passion is obvious. There is not one aspect I would say to remove from your presentation. All my teachers completed your course. We aim to get together and plan strategies to assist our children. We have already trialled your 'box approach' to encourage children to bring in items that represent them. It was amazing watching the confidence grow with the children talking to their peers."

Early Childhood Teacher

*"We thoroughly enjoyed the PD and because we are working with a number of students on the spectrum, it makes sense now that what we have had success with one student, has totally been wrong for another student. We cant wait now to put more strategies in place."***Primary School Teacher**

"Your such a pleasure to watch and it really feels like your in the room and only speaking to me... we could be having coffee, I really connected with alot of what you said and found it very helpful, so thank you. I saw so much of my son in many of your children descriptions its all a hit scary, BUT I must say all the dots are now joined as to why he's been doing certain things for years." Your feedback - what to take out... Nothing! It was all a pleasure to watch, and very informative. If anything make it longer... more... more...

more...." Parent
