Sue Larkey is a highly qualified special educator who has taught in mainstream and special schools. She is currently working toward a Doctorate of Education focussing on inclusive schooling. She has authored several books and resource materials. Sue is unashamedly passionate about her mission – to inspire parents and educators and teach them how to Make it a Success.

"I got so much out of your online workshop. Your passion is obvious. There is not one aspect I would say to remove from your presentation. All my teachers completed your course. We aim to get together and plan strategies to assist our children. We have already trialled your 'box approach' to encourage children to bring in items that represent them. It was amazing watching the confidence grow with the children talking to their peers."

- Early Childhood Teacher

"We thoroughly enjoyed the PD and because we are working with a number of students on the spectrum, it makes sense now that what we have had success with one students, has totally been wrong for another students. We cant wait now to put more strategies in place."

- Primary School Teacher
